Registration for each biometric screening will close 5 business days prior to the onsite screening event.

Please be aware that walk in's will only be accommodated during the last half hour of each biometric screening and are contingent upon supply availability.

All associates employed by Centura Health and spouses on the medical plan can attend a biometric screening at any scheduled location.

Things to keep in mind as you prepare for your biometric screening: Don't eat or drink anything but water for nine hours before your appointment time, drink plenty of water and continue taking medication as prescribed the day of your biometric screening.

**Screening dates in teal are the screening events that will offer the cotinine/tobacco only screening.**

If you choose not to participate in the Wellness Incentive Program you can expect your medical plan premiums to increase by the amount of the wellness incentives being offered.

Centura Health is committed to helping you achieve your best health. Rewards for participating in the wellness incentive program are available to all participants. If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by a different means. Contact us at [CodeYou@centura.org](mailto:CodeYou@centura.org) and we will work with you or if you wish your doctor to find a wellness program with the same reward that is right for you in light of your health status.
